

Dear Parent/Guardian,

This summer your child can use Lexia Reading Core5<sup>®</sup>, a fun computer-based program that has helped millions of students develop foundational reading skills.

Here's how Lexia Reading Core5 works:

- Students use Core5 at a level that fits their individualized needs.
- Students work independently through online activities to develop foundational reading skills in phonological awareness, phonics, structural analysis, fluency, vocabulary, and comprehension.
- Online activities support students as they learn new skills by providing direct instruction and feedback.
- Progress and performance in the online activities is saved and available for teacher review.
- During the school year, students have the opportunity to participate in collaborative, hands-on activities to reinforce skills introduced online and further develop learning.
- Over the summer, you can support progress in the program by reading daily with your child and talking about what you have read.

We hope you share in our excitement about using this program with your child this summer!

Sincerely,

Your STA Teachers

Lexia Reading Core5<sup>®</sup> can be used at home. Getting started is easy!

1. To use on a computer, go to [www.lexiacore5.com](http://www.lexiacore5.com). If you have a slow Internet connection, visit [www.lexialearning.com](http://www.lexialearning.com) and click on the Download link at the top of the page to install Core5.
2. To use on an iPad, iPad mini, or Android\* tablet, download the free **Lexia Reading Core5 app** from the App store or the Google Play store. *\*Android support is limited to these devices: Samsung Galaxy Tab S2, Google Pixel C, and Google Nexus 7" (2012 and 2013) and 10". The device must be able to access the Google Play Store; for this reason, Kindles cannot use the Core5 app for Android.*
3. The first time your child uses Core5 at home, you may need to help set up by entering the teacher email shown below. Your child can then log in with the username and password that is used at school.
4. It is important that your child works independently while using Core5.
5. Your child can spend 20 to 30 minutes per week using Lexia Core5 at home during summer months.
